WHERE IS MY PROPERTY LINE?

City staff is frequently asked how to find property lines. Below is a helpful resource that provides detailed information on this topic. Some common questions they answer include:

- Is the city or county responsible for providing or finding survey markers at the corners of my lot? *The property owner is responsible. It is not a service provided by the city.*
- How do I locate the surveyor? *MSPS Firm Member referral service.*
- My neighbor has had their property surveyed. I don't think the property line is in the right place. What can I do? *First, try to talk with the surveyor who did the work.*
- My property has just been surveyed. The neighbors' fence is partly on my property. What should I do? *You can ask your attorney about the possibility of creating an easement or license.*
